This map is for general planning purposes only.

Zoning districts were derived from setbacks from Town roads, surface waters and parcel boundaries defined by the Londonderry Planning Commission.

Roads were digitized from 1991 1:5,000 orthophotos by Greenhorne & O'Mara Inc. under contract with VCGL, and were updated by Londonderry Town officials in 1993.

Surface waters digitized from 1974 1:20,000 orthophotos by the University of Vermont's School of Natural Resources under contract with VCGL.

Flood Zones extracted from digital FEMA data, 1996.
